BULLETIN

DHSK COLLEGE: DIBRUGARH : ASSAM

FROM THE DESK OF PRINCIPAL

In the contemporary world concept of teaching-learning is undergoing a change due to the advancement of technologies, knowledge-explosion. A Teacher in the present day therefore, must have dynamic personality, well-equipped knowledge, new skills and approaches. So that they perform their roles and contribute in institutional growth.

In the present competitive atmosphere, individuals and institutions are challenged to improve their performances constantly. Professional development means one's self development relating to his/her profession. For the development one's profession one has to keep him/herself abreast with the recent developments that are taking place in his/ her profession. Quality education is the outcome of quality teaching and here lies the importance of continuous professional development.

A teacher has to develop his/her professional expertise in the light of new trends. A teacher should always borne in mind that the success of an educational endeavor ultimately depends on the competency and effectiveness of the teacher.

I hope that this bulletin will reflect the activities of this institution which may be a source of inspiration for others for educational change and development.

EDITOR'S NOTE

DHSK College, Dibrugarh have the honour of launching its first bi-annual News Bulletin. The bulletin carries the news of activities of the college community, as the teachers' achievements like publications, seminar presentations, workshops, ongoing Minor and Major Research Projects and the like. The achievement of students have also been incorporated.

I, on behalf of the DHSK College family take the opportunity to thank one and all for their support and cooperation. Every attempt has been made to highlight all important aspects. We have tried our level best to include every information provided by our esteemed faculty but omissions have been made as and where necessary due to certain constraints. We hope, the News Bulletin will give an opportunity to everyone to have access to the standard of work pursued by our college community.

I also take the opportunity to appeal to the students to contact their respective teachers for any further academic pursuits which will be of great help to them in the future.

We have provided all information as furnished by our concern faculty.
