DHSK GIRLS' HOSTEL

BULLETIN

Annual Bulletin, January, 2018

Principal's Message

It is indeed pleasure to me that DHSK College Girl's Hostel had completed its glorious 60 years in 2017. The hostel was inaugurated in the year 1957 with the generous contribution of imparting education in Upper Assam as well as of many adjoining states. On this auspicious occasion Girl's Hostel is celebrating its Diamond Jubilee concluding ceremony on 20th January, 2018. This ceremony is a platform to meet the former boarders to recall their sweet memories during their stay. I hope the function will be a grand success and it will be a memorable event for the past and present boarders. I wish all the success.

A HOME WITH A BIG FAMILY

We all know that - "History is the purest evidence of a glorious past." The DHSK Girls hostel, set up in 1957 is the legendary epitome narrating the imperial scenario of education in the district of Dibrugarh in upper Assam. By the passage of time, changes took place and things acquired a different shape with the advent of the new Principal of the college who is presently working here an arrant revolution of positivity and innovation transpired in the campus. This flow of alternation did not left the hostel uninfluenced by its spellbound consequences. It is now standing as a well built structure facilitated with the essential requisites. This is not an outcome of a day's struggle but the prolific result of countless painstaking efforts made by all its associates.

From the day I joined this hostel as a superintendent I have been trying to provide a suitable atmosphere for educating the mind as well as the heart and a hygienic residential campus. Girls residing in this hostel not only do syllabus-oriented studies, they also show functional participation in all sorts of sports, cultural, academic and social activities. They regularly attend the various programmes organized by the college authority. Every occasion - Saraswati puja, Ganesh Chaturthi, Holi, Independence Day, Republic Day, Vishwakarma puja, Janamastami, Diwali, Christmas and New Year is celebrated here with great enthusiasm. They have created a whole new world of their own, where happiness knows no bounds.

It is said that a home is not made up of

Editorial

Life in a college hostel develops the personality of the students. It provides the boarders better opportunities to develop the spirit of service and sacrifice. As the first bulletin of DHSK Girls' Hostel, this is a milestone that marks the growth of the boarders of the hostel. It unleashes a wide spectrum of their skills and activities. It also highlights the honour and awards, the achievements received by the boarders of our hostel in different fields for the period January 2017 to January, 2018.

We are thankful for getting the opportunity to edit such a bulletin and submit our deep gratitude to the collaborative efforts of respected superintendent madam, the hostel monitress and the editorial board.

bricks, stones, rods and cement but with the affection, care and sense belongingness between the individuals living in it. Our hostel is the best to be cited as an example validating this saying.

Since day one, I have been carefully observing the boarders. It leaves me surprised every time whenever I see the kind of bonding among them. Miles away from their hometown in Nagaland, Arunachal Pradesh, and different parts of Assam, they have come here to get higher education in this college, together forming such a beautiful family. I felt like a mother, being the head of the family. In the real sense I understood the depth of motherhood as well as guardianship a little better. I found a new family here, reflecting united kindred, baring the diversities aside.

Thanks to principal sir for giving me the opportunity to serve the girls hostel in the glorious year of diamond jubilee. Despite hectic semester system we as a family have done some activities. This bulletin is a small attempt to keep the annual record of D.H.S.K. College Girls hostel in 2017. As a first bulletin there may be some omission for which I express my sincere regret. Hope, the bulletin of girls' hostel will continue to appear in each year with better looks and progress in every aspect.

Urmila Ramchiary
Superintendent, DHSK Girls' Hostel
Asstt. Prof. Dept. of Philosophy

As we set into the new year 2018, our journey once again starts in full swing, So, we wish all its readers and well-wishers a happy, peaceful and healthy year. We would have a fresh beginning with a colourful and refreshing Diamond Jubilee of our girls' hostel.

I, as a monitress of the Girls' Hostel, have a great responsibility towards the hostel and its boarders. It is my obligation to maintain discipline and good environment in the hostel as well as to make new and unique innovations bringing out the hidden creativities in it. So, every year we conduct quiz, speech, essay writing, debate and many other competitions for the girls. Apart from these events, we also have other competitions like dancing, drama, singing and specially sports. All kind of activities are organised here because every individual has a different talent. We try to give abundant opportunities to them to show their talent. Next important thing is that career guidance programmes are also held for us time to time. This bulletin reflects all the activities which we have done in our hostel as well as the achievements of our hostel boarders.

At last, I want to thank Principal Sir, Superintendent Madam and the college authority for providing so many facilities such as generator, filter, television, sports equipments etc. to the hostel boarders. Another remarkable thing, the inauguration of drinking water supply is going to happen in the hostel on the auspicious day of Diamond Jubilee celebration for which we are grateful to the authority.

Hope to get a bright sunshine like this in the coming days.

From the desk of the Coordinator, IQAC...

In the field of higher education, hostel plays an important role. One can say that a student's education is not complete if he or she had not stayed in hostel. Hostel life is the lurching pad for anyone entering real life. The memories last forever who had a hostel life during their student life. Hostel plays an important role in integration among various communities and regions. Girls' hostel is an important component of any educational institution. Releasing this importance in our college also, a girls' hostel was constructed with the help of many eminent persons and inaugurated in 1957. This has been the second home for many students during the golden part of their life. In 2017, it has completed its 60 glorious years of existence and is celebrating its diamond jubilee. Diamond Jubilee even will facilitate ex-boarders to be reunited and revisiting college days memories. I feel proud that I am serving as a member of the hostel management committee and getting a chance to offer my service for taking care of them. During last NAAC peer team visit in 2017, boarders helped the college authority as well as IQAC immensely. On behalf of IQAC, I offer my sincere thanks to them. I hope diamond jubilee event will be a memorable and inspiring one. Wish its grand success.
